A new office building is coming to Alconbury Enterprise Campus, offering flexible space from 350 sq m (3,770 sq ft) at the heart of Alconbury Weald.

- Dynamic, open spaces.
- Intimate working hubs.
- Range of shared facilities.

### Sustainability

The building has been designed with a strong sustainability focus and the efficient use of resources such as water and energy will be ensured through a variety of methods including natural ventilation, a solar shading canopy and photovoltaic panels.

In addition, links to pedestrian and cycle routes, a covered cycle store, investment in public transport and a Green Travel Plan will provide a variety of sustainable transport options for your business and workforce.

The building will sit beside and complement the award-winning Incubator and The Club as a suite of striking buildings along the Boulevard entrance to Alconbury Enterprise Campus.

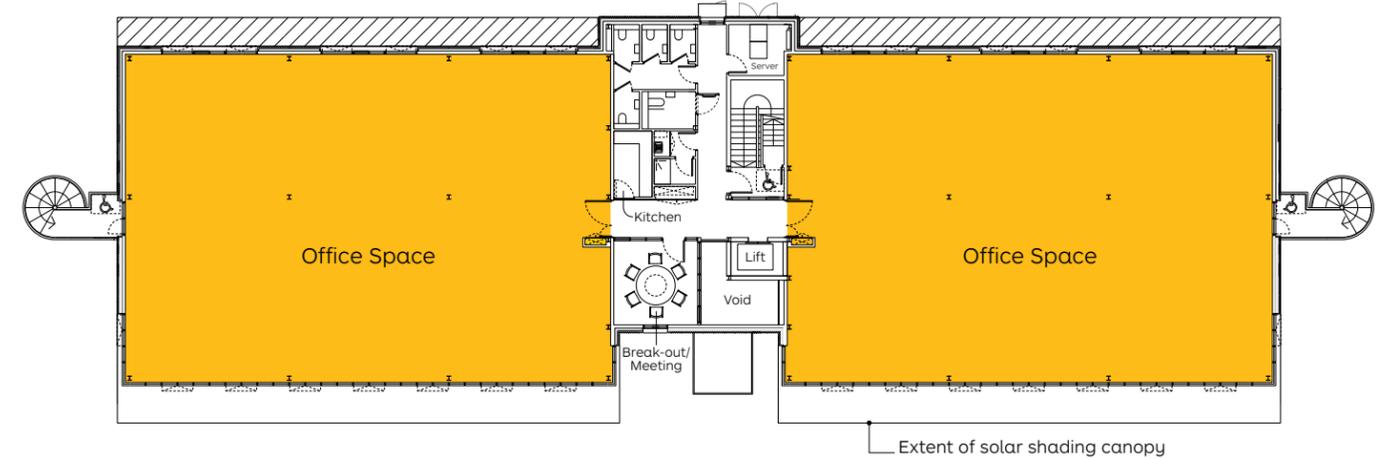

Designed by internationally renowned architects Allford Hall Monaghan Morris, and due for completion in Summer 2018, the building will provide inspiring and flexible office space around well-connected communal areas.

Features include:

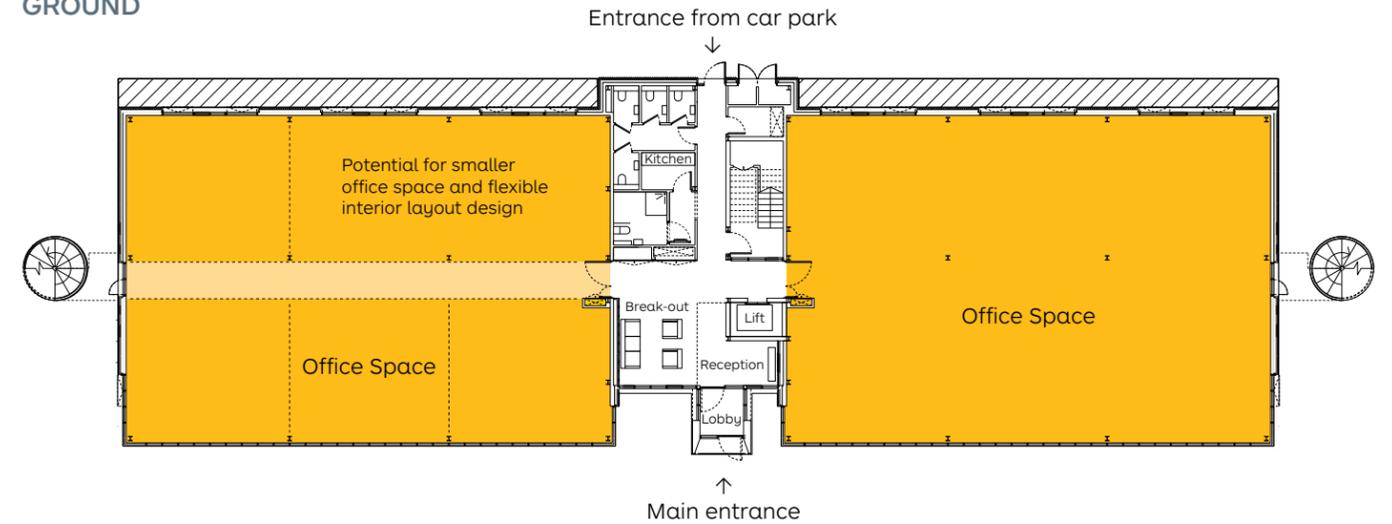

- Flexible office space catering to a variety of business uses and future expansion.
- Large glazed frontages that maximise views and natural light.
- Comfort cooling and heating system, with opening windows.
- Break-out space with tea/coffee making facilities.
- WCs and showers.
- Recycling facility points.
- Car park and covered cycle storage.

Located within the landscaped setting of the tree-lined Boulevard, the building is just a short walk to The Club which provides meeting rooms and event space, a café and gym. Beyond this will lie the centrepiece of the first phase of Alconbury Weald – the refurbished, listed Second World War Watch Office, sitting opposite the cricket pitch.
