

Memorial Garden Opening – Priors Hall

To mark the 100th year anniversary of Armistice, Priors Hall supported the local Parish Council event on the 11 November by planting two memorial gardens across the site. The in-house management team, two of whom are ex-military, planted the gardens in two prominent locations. To mark the opening of the garden, the local British Legion's standard bearer came to the site and met with members of the U&C Corby team, our local MP Tom Pursglove, local Councillor Bridget Watts and members of the Priors Hall community, some of whom are also ex-military.
